

International Space Weather Initiative (ISWI)

UN/ESA/NASA/JAXA workshop

The science results from existing and future distributed observatories
and their applications for the prediction of Space Weather

LUXOR , Egypt

November 6-10, 2010

Supporting Organizations

United Nations (UN) - International Astronomical Union (IAU) - National Aeronautics and Space Administration (NASA) - European Space Agency (ESA) - Japan Aerospace Exploration Agency (JAXA) - Committee on Space Research (COSPAR) - Egyptian Ministry of Scientific Research (EMSR) - Cairo University (CU) - Egyptian Academy of Science (ASRT)

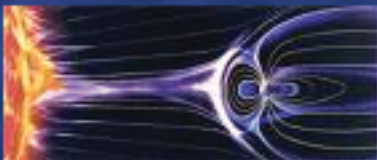

Potential Topics:

IHY instrument array workshops - Follow-on to IHY Researches, results and activities - Solar activities and space environment interaction. - New results from solar and Space missions - Solar&Heliosphere activities relationship - Biosphere and Space Weather interaction

International Scientific Organizing Committee (Co-chairs):

Davila, J. M. (USA) - Hady A. A. (Egypt) - Haubold, H. J. (UN, Germany)
